GENERAL PROVISIONS

2. The Net Proceeds shall be distributed in accordance with the rules established by this Distribution Protocol according to a claims-made process to compensate Class Members in the Canadian FX National Class Action.

4. The Net Proceeds shall be allocated to the following Funds:

Direct Claims Fund	80%

5. Class Members will be entitled to advance claims in the following claims categories:

- (a) Direct Claims; and
- (b) Indirect Claims.

6. Class Members may advance separate claims in respect of more than one claims category, provided those claims are in compliance with the rules applicable to each claims category. Class Members cannot advance a claim for the same FX Trades in different Funds. The claims process will be designed to assist Class Members to easily and efficiently advance their claims in all applicable claims categories.

7. Compensation payable for all valid claims received will be calculated by the Claims Administrator based on the rules for the applicable claims category and the Net Proceeds available in the applicable Fund.

FX Spot Transactions	1.0
FX Forwards	1.0
FX Swaps	1.0 for FX forward risk component
OTC FX Options	0.2
FX Futures	1.0
Options on FX Futures	0.2

Relative Damage Factors: Liquidity and Trade Size

15. Adjustments for transaction characteristics are called “**Relative Damage Factors**” and include currency pair traded and trade size. The Claimant’s Settlement Transaction Volume, as adjusted by the Relative Damage Factors, results in the Claimant’s Eligible Participation Amount.

Liquidity: Currency Pair Traded

16. This Relative Damage Factor recognizes the effect of the liquidity of a currency pair on damage. All else being equal, trades in currency pairs with higher liquidity are likely damaged less per unit of Settlement Transaction Volume than trades in currency pairs with lower liquidity.

17. The following table of currency pairs were measured and grouped based on similar liquidity profiles:

Most Liquid	USDCAD, USDEUR, USDGBP, USDJPY, USDMXN, USDAUD, CADEUR, CADGBP, USDCHF, USDBRL
Liquid	CADJPY, USDSEK, CADSEK, CADAUD, EURGBP, USDNZD, USDNOK, EURJPY, EURAUD, CADCHF, EURSEK, USDZAR, EURNOK, USDKRW, EURCHF, USDTRY, JPYAUD, USDTWD, USDINR, USDRUB, USDPLN, EURPLN, EURDKK, EURHUF, EURTRY

Trade Size

18. This Relative Damage Factor recognizes the effect of trade size on damage.

Relative Damage Factor Table

19. Claimant's Settlement Transaction Volume will be adjusted to account for the Relative Damage Factors as follows:

Settlement Transaction Volume	Most Liquid	Liquid	Illiquid	Pegged
Less than and not including \$1,000,000	0.53	1.47	3.13	0.09
\$1,000,000-\$19,999,999	1.00	2.91	6.24	0.31
\$20,000,000-\$99,999,999	3.51	7.87	13.5	0.74
\$100,000,000 and above	4.82	13.2	22.7	1.52

Discounts

20. Trades between January 1, 2003 and November 30, 2007 will be discounted by 40% ("**Time Period Discount**").

Formulas

21. Eligible Participation Amounts will be calculated on a trade-by-trade basis using the following formulas by instrument. In the formulas below, "**EPA**" means Eligible Participation Amount and "**STV**" means Settlement Transaction Volume. The formulas are as follows:

Spot and Forward EPA = STV x Relative Damage Factor x Time Period Discount
(if applicable)

Where STV = notional x 1.0 Conversion Ratio

Futures EPA = STV x Relative Damage Factor x Time Period Discount (if applicable)

Where STV = notional x 1.0 Conversion Ratio

Swap EPA = STV x Relative Damage Factor x Time Period Discount (if applicable)

Where STV = **EITHER** mismatch swap proportion x 1.0 Conversion Ratio
OR notional x 0.001 Conversion Ratio

OTC Option EPA = STV x Relative Damage Factor x Time Period Discount (if applicable)

Where STV = notional x 0.2 Conversion Ratio

Option on Futures EPA = STV x Relative Damage Factor x Time Period Discount (if applicable)

Where STV = notional x 0.2 Conversion Ratio

Payments

22. Subject to paragraph 23, the Direct Claimants will share the Direct Claimants Fund *pro rata*.

23. No payment will be made if the compensation calculated for a valid Direct Claim is less than \$20. Any amounts remaining in the Direct Claims Fund as a result of this provision will be reallocated *pro rata* across the other valid Direct Claims.

24. In the event there are multiple rounds of distribution, the *pro rata* share payments will be reduced by the hold back amount.

25. If there are more monies allocated to the Direct Claimants Fund than are required to make payment of compensation to all valid Direct Claims made against it, Class Counsel may implement a *pro rata* increase in the compensation payment to Direct Claimants. If a *pro rata* increase is determined to be inappropriate, Class Counsel will prepare a proposal in respect of any excess money and will move to the Courts for approval of it prior to the distribution of the Direct Claimant Fund. In preparing a proposal in respect of how to distribute any excess monies, Class Counsel will consider all relevant factors, including the utility and efficacy of a *cy près* distribution, if appropriate.

INDIRECT CLAIMS FUND AND INDIRECT CLAIMS

26. Indirect Claims will be advanced by Class Members against the Indirect Claims Fund.
27. An Indirect Claimant is not required to document their holdings of Investment Vehicles available in Canada that entered into FX Instruments unless and until the Claims Administrator chooses to audit said claim. Upon auditing of any claim, the Claims Administrator has discretion to determine what documentation is sufficient for the purposes of establishing an Indirect Claimant's holdings of Investment Vehicles. Such acceptable supporting documents may include, but are not limited to, the following: account statements, print outs of online account balances, trade confirmation reports, and any other document that shows the value of an Investment Vehicle.
28. The Claims Administrator will determine if the Indirect Claimant's holdings are included on a list of Investment Vehicles available in Canada that entered into FX Instruments. Such list of Investment Vehicles will be posted online by the Claims Administrator. If the investment is not on the list, then the Claims Administrator will notify Class Counsel who will confirm the claims should be denied for that reason, or whether the investment should be added to the list.

Payments

29. The Indirect Claimants will receive a payment based on the peak value of their investments over the class period as provided in the chart below:

Peak Investment	Payment
Less than \$100,000	\$20
Over \$100,000 but less than \$1,000,000	\$50

Peak Investment	Payment
Over \$1,000,000	\$50 plus \$1 per \$10,000 in excess of the first \$1,000,000

30. If there are more funds allocated to the Indirect Claim Fund than are required to make payment of compensation for all valid Indirect Claims made against it, Class Counsel may implement an increase in the compensation payable for Indirect Claims. If an increase is determined to be inappropriate, Class Counsel will prepare a proposal in respect of any excess money and will move to the Courts for approval of it prior to the distribution of the Indirect Claim Fund. In preparing a proposal in respect of how to distribute any excess monies, Class Counsel will consider all relevant factors, including the utility and efficacy of a *cy près* distribution, if appropriate.

RESIDUAL DISCRETION FOR THE MANAGEMENT OF THE DISTRIBUTION PROTOCOL

31. Notwithstanding the foregoing, if, during the claims process or following the claims process and the calculation of compensation in accordance with this Distribution Protocol, Class Counsel have concerns that the claims process and/or Distribution Protocol is producing an unjust result on the whole or to any segment of the Class Members or that a modification is required or recommended, they shall move to the Courts for approval of a reasonable modification to this Distribution Protocol or for further directions with respect to the distribution of the Net Proceeds.

32. In arriving at a determination that an unjust result is occurring or that a modification is required or recommended, Class Counsel shall seek a consensus among themselves, failing which they may move to the Courts for a determination of any such issue.

RESIDUAL DISTRIBUTION

33. If there remains any amounts in any of the Funds after the distribution has been made to all valid claims in accordance with the provisions of this Distribution Protocol (as

modified, if applicable), Class Counsel will make an application to the Courts to determine how such funds shall be distributed. In preparing a proposal in respect of how to distribute any excess monies, Class Counsel will consider all relevant factors, including the utility and efficacy of a *cy prè*s distribution, if appropriate.

ADMINISTRATION

34. The administration of this Distribution Protocol and the claims process will be governed by the Administration Protocol.

**Did You, Directly or Indirectly, Trade in the Foreign Exchange Market Between
January 1, 2003 and December 31, 2013?**

Settlements have been reached with a group of defendants in a Canadian class action relating to an alleged conspiracy among defendants to manipulate the prices of currency purchased in the Foreign Exchange ("FX") or the foreign currency market (the "FX Market"). The settlements are a compromise of disputed claims and the settling defendants do not admit, and expressly deny, any wrongdoing or liability. Approximately 80 million dollars in settlement proceeds is being distributed to class members at this time. If you directly or indirectly entered into an instrument traded in the foreign exchange market between January 1, 2003 and December 31, 2013, or if you held investments in certain eligible funds that entered into a foreign exchange investment during that time, you may be entitled to claim money from the settlement proceeds. For information about the lawsuit, which funds are eligible, and how to make a claim, go to: www.canadianfxnationalclassaction.ca. The deadline to make a claim is January 15, 2020.

**FOREIGN EXCHANGE/FOREIGN CURRENCY MARKET PRICE-FIXING CLASS ACTIONS
AMENDED NOTICE OF CLAIMS PROCESS**

**PLEASE READ THIS NOTICE CAREFULLY.
IT MAY AFFECT YOUR LEGAL RIGHTS.**

REVISED CLAIM DEADLINE: January 15, 2020

Class Members who wish to apply for compensation from the settlement funds should submit their Claim by this date.

A. WHO IS AFFECTED BY THIS NOTICE?

This notice applies to:

All persons in Canada who, between January 1, 2003 and December 31, 2013, entered into an instrument traded in the foreign exchange market, either directly or indirectly through an intermediary, and/or purchased or otherwise participated in an investment or equity fund, mutual fund, hedge fund, pension fund or any other investment vehicle that entered into an instrument traded in the foreign exchange market.

You may have previously received notice in this matter. This amended notice reflects certain changes that have been made to the settlement administration process since that notice was issued. These changes include the extension of the claims deadline from August 19, 2019 to January 15, 2020.

B. WHAT IS THE CLASS ACTION ABOUT?

This class action arises from an alleged conspiracy among the defendants to fix, raise, maintain, stabilize, control, or enhance unreasonably the prices of currency purchased in the FX or foreign currency market (the "FX Market"). The class action was commenced in Ontario and Québec in September 2015.

C. COURT APPROVED SETTLEMENTS

Settlements have been reached in the class action with the following Defendants (the "Settling Defendants"):

Defendants	Settlement Amount
UBS	\$4,950,000
BNP Paribas	\$4,500,000
Bank of America	\$6,500,000
Goldman Sachs	\$6,750,000
JPMorgan Chase	\$11,500,000
Citi	\$21,000,000
Barclays	\$19,677,205
HSBC	\$15,500,000
Royal Bank of Scotland	\$13,220,000
Standard Chartered	\$900,000

Bank of Tokyo Mitsubishi UFJ	\$450,000
Société Générale	\$1,800,000
Morgan Stanley	\$2,300,000
TOTAL	\$109,047,205

The settlements were approved by the Ontario Superior Court of Justice and the Superior Court of Québec (the "Courts"), and were certified against the Settling Defendants for settlement purposes. The Settling Defendants do not admit, and expressly deny, any wrongdoing or liability.

The settlement funds were held in an interest-bearing trust account until November 2018, when they were transferred to Epiq (formerly known as Garden City Group, LLC) (the "Claims Administrator"), an independent third-party.

D. DISTRIBUTION OF SETTLEMENT FUNDS

The aggregate settlement amounts, plus any costs awards and accrued interest and less court-approved legal fees and deductions (the "Net Proceeds"), are available for compensation to settlement class members. The Net Proceeds equal approximately \$80 million.

On July 4, 2018 and on August 24, 2018, the Courts approved the Plaintiffs' plan of allocation. On August 1, 2019, the Court approved certain changes to the Distribution Protocol (the "Amended Distribution Protocol"). The Amended Distribution Protocol will govern the distribution of the Net Proceeds. A copy of the Distribution Protocol is available at www.canadianfxnationalclassaction.ca.

The Distribution Protocol creates a claims-based process for Claimants to seek compensation from the Net Proceeds. The Protocol is structured to timely and efficiently compensate Class Members according to the quantum and circumstance of their investment in the FX Market, and in a manner that best reflects the anticipated impact of the alleged price-fixing. For the purposes of the Distribution Protocol, Class Members will be divided into two categories:¹

- (a) *Direct Claimants*: persons in Canada who between January 1, 2003 and December 31, 2013, entered into an FX Instrument directly with a financial institution, including but not limited to the Defendants. Direct Claimants include all Financial Customers and Non-Financial Customers that entered into an FX Trade with an FX Dealer. Investment Vehicles (discussed below) are excluded from the pool of Direct Claimants.
- (b) *Indirect Claimants*: persons in Canada who, between January 1, 2003 and December 31, 2013, entered into an FX Instrument indirectly through an intermediary, and/or purchased or otherwise participated in an
 - i. investment or equity fund;
 - ii. mutual fund;
 - iii. hedge fund, or

¹ Class Members may advance separate claims in respect of more than one claims category, provided those claims are in compliance with the rules applicable to each claims category. Class Members cannot advance a claim for the same FX Trades in different Funds.

- iv. any other investment vehicle that entered into an FX Instrument.

Included as Indirect Claimants are Investment Vehicles.

Direct Claims

Direct Claims will be advanced by Class Members against the Direct Claims Fund. The Direct Claims Fund will be allocated 80% of Net Proceeds. Direct Claims will be subject to a post-claim audit process.

The alleged conduct of the defendants at issue in the class action was aimed at affecting the FX spot price. Therefore, the impact on the various FX Instruments (and by extension, Direct Claimants' compensation) will be adjusted using "Conversion Ratios" that reflect an FX Instrument's exposure to spot prices. A chart detailing the "Conversion Ratios" applicable to various FX instruments is available at paragraph 14 of the Distribution Protocol. Trades between January 1, 2003 and November 30, 2007 will be discounted, since there are no admissions of manipulation by any of the Defendants prior to December 2007. Adjustments will also be made to account for transaction characteristics ("Relative Damage Factors"), including:

- (a) currency pair traded, which recognizes the effect of the liquidity of a currency pair on damage; and
- (b) trade size.

The Claims Administrator will undertake the following steps to value a claim:

- (a) analyze transaction volume based on the information submitted by the Direct Claimant;
- (b) if any volumes submitted are rejected, send a deficiency notice and provide an opportunity to cure;
- (c) adjust the transaction volume to yield the Claimant's Settlement Transaction Volume;²
- (d) adjust the Settlement Transaction Volume to yield the Eligible Participation Amount;³ and,
- (e) determine the damages calculation and the payment to the Claimant, having regard to any compensation received in other jurisdictions, including the U.S. Proceeding.

Entities applying on behalf of a large groups of funds may be able to use a bulk filing process to expedite claims. For more details on this please contact the Claims Administrator.

Formulas

Eligible Participation Amounts will be calculated on a trade-by-trade basis using the formula set out at paragraph 21 of the Distribution Protocol.

Payments

² "Settlement Transaction Volume" means the gross transaction volume in eligible instruments adjusted by Conversion Ratios that account for an instrument's sensitivity to the spot rate.

³ "Eligible Participation Amount" means the Settlement Transaction Volume adjusted by Relative Damage Factors that account for two transaction characteristics that affect damages: currency pair traded and trade size.

Direct Claimants will share the Direct Claimants Fund *pro rata*. Payment will be made to Direct Claimants where the compensation calculated for their claim exceeds \$20.

Indirect Claims

Indirect Claims will be advanced by Class Members against the Indirect Claims Fund. The Indirect Claims Fund will be allocated 20% of the Net Proceeds.

Indirect Claimants will be subject to a post-claim audit process, but do not need to file transactions records in order to make a claim.

The Claims Administrator will determine if the Indirect Claimant's holdings are included on a list of Investment Vehicles available in Canada that entered into FX Instruments. Such list of Investment Vehicles will be posted online by the Claims Administrator. **If the investment is not on the list, then the Claims Administrator will notify Class Counsel who will confirm the claims should be denied for that reason, or that the investment should be added to the list.**

Indirect Claimants will receive a payment based on the cumulative value of their investments over the class period, as provided in the chart below.

Cumulative Investment	Payment
Less than \$100,000	\$20
Over \$100,000 but less than \$1,000,000	\$50
Over \$1,000,000	\$50 plus \$1 per \$10,000 in excess of the first \$1,000,000
